IMPORTANT COMMUNITY ANNOUNCEMENTS

Want To Make Your Life A Little Easier?

Sign up at the office for automatic withdrawal for your lot payments! No more writing checks or USPS delivery delays. We have a simple form at the office you can pick up or we can email one to you. Complete the form and attach a voided check and we will set you up to draft the balance on your account on the 1st of the month. If you still wish to write a check, keep in mind there are several payment drop boxes throughout the community. **BE SURE** the payment is in the office no later than the 10th or a late fee of \$75 will be incurred. You can also sign up for our portal access which will allow you to see your billing online and make payments.

Resident Forms For Gate Access

Thank you to those of you who have taken the time to submit the requested form and documentation. We will be reviewing them and may need to call you if anything is missing. **We have about half of the resident forms as of 8/20/24 so a lot are still missing.** For those who have not yet dropped it off, this will be one last plea for your cooperation. If we don't receive it in the next week or so, we won't be able to get you access for our new gate system. **The deadline was 8/31/24. Please drop it off by September 6th.**

Resident Spotlight will return for October!

Pet of the Month: *Buddy*

We adopted Buddy in February from Sophie's Circle. He is a 9# terrier Chihuahua mix. He was dumped in a screened in porch during Christmas with a bag of dog food. A very kind lady fostered him until we adopted him. Initially Buddy didn't like you to touch his neck making it hard to put on a leash and collar. Now he loves to go for long walks and meet new doggie friends. He is the boss of the house and has started sleeping with me since Arden passed. He loves to eat and bark at

anything and everyone passing by. – Parents: Marilyn Dockter

Residents, we want your pet stories! Email a photo of your pet, along with a paragraph of how you met, or an interesting story about them to: bearfacts4bearcreek@yahoo.com so they can be featured in an upcoming issue of the Bear Facts newsletter.

From the Community Manager

Happy September BC Villagers! Lots to tell you this month so I will just jump right in!

ZONE CAPTAINS have volunteered!! We have a lot of wonderful residents who have stepped up to help our community. Several men and women have been assigned to 6 sections of our community and their information will be enclosed with the Hurricane Package currently at the printer. They will be the “Eyes and Ears” of their zones in case of emergencies, storms, delivering notices, etc. They will be dropping off the Hurricane Packages to your door soon.

REMINDERS:

1. Please don't turn off the water main to your home yourself. Submit a work order and our maintenance team will respond. There have been several mains where residents have broken the valves. If you choose to turn it off and you damage something, we may charge you for the repair.
2. Did you know that you as a homeowner are allowed to pressure wash the sidewalk in front of your home if you would like. At least until we can secure a mobile pressure washing system that can provide its own water source.
3. Please do not drive scooters or golf carts down the center of the dog park area. Someone has already damaged the fence which had to be repaired. Please do not park on the road or on the gravel by the road. Parking is in the area on the southside of the dog park.
4. On September 9th at 8AM a vendor will be here to flush all the fire hydrants. Please be sure the fire hydrants are easily accessible.

Below is some information about the new gate system:

Step 1: Gather all resident information and documentation. Enter said information into the gate software

Step 2: Coordinate installation of coded window decals for each resident's owned and registered vehicle . You will need to provide your vehicle registration and bring the vehicle down for our staff to adhere to the decal. More information will be forthcoming

Step 3: Enter assigned and coded decals for residents into the gate software.

Step 4: Be patient as we go live! Expect possible glitches while we work through them- Your remotes will continue to work until we go live.

Front Gate: Speed bumps and lighted arms will be installed at the entrance and exit sides. Residents will use this gate as they normally do, and all visitors must stop at the Guard House for access from 7am – 11pm. If guests arrive outside of those times, then they will use the keypad to dial you for access. Be sure you update your frequent visitor list with the guards to make things efficient. Forms are available in the office.

Back Gate: Speed bumps will be installed here, also. This gate will be for residents and large delivery trucks ONLY. Visitors must go to the front gate. The call box will dial the guard house only, not resident numbers. Delivery trucks will have to use the box to obtain entry and deliveries should only be between 7am – 7pm (times may change). **YOU MUST TELL THE GUARD HOUSE IF YOU ARE EXPECTING A DELIVERY**, or they may be turned away.

Lastly, we are still sorting out some things i.e. golf carts, bicycles, car rentals, longer visiting guests, etc. I will update you as I come up with a solid plan. By updating everyone's info, more people will be included in our email blasts. This is another reason to get the forms to us.

– Livia Hammond, Community Manager

Feel free to ask our HOA Board members about participating in our Election. The HOA Board meets twice a month: HOA Board Meeting and the HOA General Meeting. If you would like to help, bring about positive changes for our Bear Creek Community, maybe this is the job for you!

Please join us on Friday, September 27th in Clubhouse 2 from 10-2 for our Third Annual Home & Health Fair. Flu shots will be available! Many vendors will be participating along with raffles and lunch! We hope you can make it.

We look forward to seeing you all at our Bear Creek HOA September Meeting: WEDNESDAY, September 11th at 7:00pm In Clubhouse 2. Enjoy August! – Respectfully, Patricia Franzem, Bear Creek HOA Interim President

meal a week to deliver to those who need this service. If you know

someone in Bear Creek who needs a helping hand, let either Celeste

or Fran Canfield know and we will get them on the delivery route.

Huge thanks to all who continue to donate; know that it is greatly

appreciated. – **Celeste Mastrobuono**

Treasure Swap

The monthly Treasure Swap is here! CH 2 First Thursday of the month, 1:30-2:30 PM (Ish).

Have you accumulated some things that are no longer loved or needed in your house? Maybe it's time to purge and let go! Don't just throw it out for the landfill! One of your neighbor's may find that your new unwanted items are just what they have been looking for.

Bring your purses, jewelry, hats or other accessories, household décor, small working appliances, books, games, gardening stuff, workshop tools, dog toys, dog beds, etc. to clubhouse 2 at 1:30. We begin the swap promptly at 2:00. Here's how it works:

- ✓ However many items you bring in, you get to pick that many items, and you are welcome to pick them up again!
- ✓ Anyone who is a part of my "crew" gets first dibs as a Thank You for helping.
- ✓ **We DO NOT swap clothes.** Anything leftover goes to help the homeless and needy in our area.

Thank you in advance. We hope to see you there!

– Celeste Mastrobuono

Don't Feed BCV's Critters!

Bear Creek Village is brimming with an abundance of beautiful wildlife! While we can appreciate the desire to feed these wonderful creatures, please remember a few things first:

- Wild animals have a naturally specialized diet and feeding them encourages dependence on humans.
- Familiarity with people can make these animals dangerous to humans. It can also create a danger to the animal itself.
- Wild animals can carry diseases that are harmful to you, your loved ones and your beloved pets. Remember that your pets may share the same yard space with these wild creatures. Often, the food can also attract undesirable rodents.

Thank you to all of our residents for your consideration in this matter.

Dog Park Group Play

**IMPORTANT: DO NOT INTERFERE
WITH LOCAL WILDLIFE!**

It has recently been brought to attention that someone has painted "Louie" on the shell of one of our long-time resident land tortoises. Please know that **putting paint on turtles is highly toxic and can lead to DEATH!** If anyone sees it, please confine it in a laundry basket or cardboard box and call Judy Robin at (859) 866-7366. I will come pick it up and take it to the Marine Science Center in Ponce Inlet to have the paint removed by experts. Do not try and remove the paint. It is a delicate and complicated procedure! Please do not interfere with the local wildlife. It can cause them unintentional harm! Thank you. – *Judy Robin, (859) 866-7366*
