IMPORTANT NOTICE TO MELBOURNE WATER CUSTOMERS

Temporary Water Treatment Change Scheduled

Beginning Monday, January 6, 2025, and continuing through January 27, 2025, Melbourne water customers may notice a chlorine odor in their tap water. During this period, the City will be temporarily changing its water disinfection method. This temporary change in water chemistry will not affect the safety of water for drinking.

Chloramine, which is formed from the combination of free chlorine and ammonia, is normally used for disinfection by the City. During the temporary change, free chlorine – without any ammonia – will be used.

"During this temporary period, customers may notice a chlorine taste or odor in their tap water," explained Public Works & Utilities Director, Jennifer Spagnoli. "These temporary conditions will not cause adverse health effects. The water will remain safe for drinking and other uses."

Changing to free chlorine periodically provides additional protection against microorganism contamination and helps ensure the water you receive remains safe.

Special Cautions for Kidney Dialysis Patients & Fish Owners

During the first and last week of this three-week period, as the water in the distribution system transitions from chloramine disinfectant to free chlorine and then back to chloramines, customers who use kidney dialysis machines should be aware that their water may contain chlorine, ammonia, and/or a mixture of the two. During the middle week, the water should contain free chlorine only. Other specialized users of water, such as fish owners, stores and restaurants with fish aquariums and holding tanks for fish and shellfish, along with hospitals, blood/dialysis clinics, or users of home dialysis equipment may need to take action to maintain appropriate water quality during this temporary switch in disinfection.

These users are encouraged to contact an appropriate professional for guidance on how to use the equipment during this period. The temporary change in treatment may have adverse effects on dialysis machines and may be harmful to fish and aquatic mammals if not properly addressed.

No Other Actions Needed

For all other users, there are no precautions that you need to take. You do not need to boil your water, purchase bottled water, or purchase special filtration devices. However, if you are sensitive to the taste or smell of chlorine, you can collect water in a container and place it in your refrigerator for a few hours. This will allow much of the chlorine to leave the water.

Where to Get More Information

For more information on this temporary change to the treatment process, please call the City of Melbourne Water Production Division at 321-608-5700. You can also find information on the City's website, at www.melbourneflorida.org

10 Creative Decluttering Tips

If you're struggling and need guidance on how to declutter, you'll need to get creative with your plans. Here are several interesting decluttering tips to get you started on decluttering your home:

- **Start with 5 minutes at a time.** If you're new to decluttering, you can slowly build momentum with just five minutes a day.
- **Give one item away each day.** This would remove 365 items every single year from your home. If you increased this to 2 per day, you would have given away 730 items you no longer needed. Increase this number once it gets too easy.
- **Fill an entire trash bag.** Get a trash bag and fill it as fast as you can with things you can donate at Goodwill.
- **Donate clothes you never wear.** To identify them, simply hang all your clothes with hangers in the reverse direction. After wearing an item, face the hanger in the correct direction. Discard the clothes you never touched after a few months.
- **Create a decluttering checklist.** It's a lot easier to declutter when you have a visual representation of where you need to get started. You can use [our decluttering checklist](#).
- **Take the 12-12-12 challenge.** Locate 12 items to throw away, 12 to donate, and 12 to be returned to their proper home.
- **View your home as a first-time visitor.** It's easy to "forget" what your home looks like to a new visitor. Enter your home as if you're visiting the home of a friend. Write down your first impression on how clean and organized the home is and make changes.

- **Take before and after photos of a small area.** Choose one part of your home, like your kitchen counter, and take a photo of a small area. Quickly clean off the items in the photo and take an after photo. Once you see how your home *could* look, it becomes easier to start decluttering more of your home.
- **Get help from a friend.** Have a friend or family member go through your home and suggest a handful of big items to throw away or give to someone else. If you defend the item and want to keep it, your friend has to agree with your reason. If they don't agree, it's time to get rid of it.
- **Use the Four-Box Method.** Get four boxes and label them: trash, give away, keep, or re-locate. Enter any room in your home and place each item into one of the following boxes. Don't skip a single item, no matter how insignificant you may think it is. This may take days, weeks, or months, but it will help you see how many items you really own, and you'll know exactly what to do with each item.

Interested in Chairing an Event or Leading an Activity?

Are you interested in chairing an event or leading an activity? If you would like to chair an event, you are very welcome to do so! Come in and let's talk about your idea. Then you would obtain an event form, complete it, and return it to me, Bea Koch, Lifestyle Coordinator. You are also welcome to attend a monthly planning meeting where we discuss upcoming events. No one controls the event and activities calendar. Ideas are shared, a consensus reached, and many successful events and activities have been the product of such meetings. A win-win! The May calendar had many new, original events thanks to residents coming forward, making the suggestion, then taking the lead in the planning.

Presently, we have 41 ambassadors, who not only plan events and activities, but also volunteer to set up, shop, and clean up from activities. That's teamwork!

If you would like to host a private gathering, there is a form for you to complete. This form can be completed and submitted for approval. Why the paperwork when in the past, residents simply gathered on their own, without the intervention of 'the landlord'? When our park consisted of 30 homes, things could be more casual. Now with 129 households, and so many improvements going on within our park, it is important for both entities to know what is going on in the way of gatherings. EX... You have planned a casual get-together of 25 family members to be held on the new pool patio. What you didn't realize was that your 'landlord' had planned to work on an improvement that day. It's not a control issue, but rather consideration for both parties and accommodating both landlord and residents, to avoid conflicts.

I do hope that this has clarified some misconceptions about holding events, planning activities, so we might all come together for the betterment of the park and residents. So please, if you have an idea for an event, please come see me, and you can lead the event to fruition, with help from Cove and other ambassadors!

Standards: Any additional structures or alterations to an existing home or RV must have written permission of Management after submission, for recommendation and approval, before applying for a building permit. Management reserves the right to remove, at the Homeowner's expense, any changes or additions not approved by Management.

Any alterations to the site or the home must be approved in writing in advance by Management. Such approval is at Management's sole discretion; however, such approval will not be withheld unreasonably. Before any site improvements can start, the Homeowner or RV owner must provide the Community with all the required information and a copy of the current registration/title for the unit located on the site.

Please allow at least two weeks from the receipt of this form for a response. No work shall be performed prior to the Homeowner or RV owner receiving a copy of this form from the office indicating written approval by Management. Please attach a separate piece of paper with a drawing of your project and include placement, measurements, colors, and materials to be used. Depending on the scope of the project, the Homeowner or RV owner is responsible to obtain a city permit if required and attach a copy to this application. It is the responsibility of the Homeowner or RV owner to obtain a copy of this form for their records and to produce it if requested by Management.

Upon completion of the site improvements, Owner is required to make an appointment with the management to verify that the improvements were made per an approved Site Improvement Application, to verify required permits have been obtained or prove the completion of the improvements via a final inspection report or certification of completion as per an approved application.

I/We understand and will comply with this Site Improvement Application.

COVE VALUES

HOSPITALITY

We love what we do, and it shows.

EXCELLENCE

We raise the bar.

PASSION

We make every moment count.

TRUSTWORTHINESS

We consistently do the right thing.

STEWARDSHIP

We value the world and care for it.

KINDNESS

We follow the golden rule.

Things to remember:

- **PLEASE** pick up your dogs waste and make sure you're depositing it a pet waste station or your own trash can. **PLEASE DO NOT PUT IN COMMON AREA TRASH CANS!**
- Our lawn care service comes every other Tuesday.
- Please put cigarette butts in your own ash tray and then trash can or the disposal stations in common areas.
- Remember if you're away for a long period of time, make sure you have someone maintaining your plants and flower beds. (Keeping them weed free.)
- Pressure wash your homes if it is moldy.
- Paint your home when it becomes faded or chips away.
- Put in a border around your home if you do not have brick or stone skirting so that the landscapers don't nick your skirting. (Up to 2 ft. is permitted without an exterior improvement request.) It's impossible to weed eat and not hit the bottom if you do not have a border.
