Hurricane season is upon us! Beginning June 2nd, the office will have hurricane preparedness packets available for pick-up. These packets include essential tips, a supply list, and shelter information to ensure you are well-prepared.

Dumpsters have become a concern due to the inappropriate items being discarded. For the recycling dumpster, please ensure that only clean cans, plastics, cardboard, and glass are placed within this receptacle. All boxes must be flattened. Items such as laundry soap bottles, trash, pizza boxes, and any boxes with coatings are prohibited.

For the trash dumpsters, please refrain from disposing of construction materials, tires, carpets, pallets, mattresses, or large electronics, such as televisions. We are in the process of installing cameras in the dumpster area, and individuals caught disposing of prohibited items will incur a charge.

The next topic is parking regulations. For RV sites, only one vehicle is permitted per site, and parking on the pad is prohibited. Any additional vehicles associated with your site must be parked in the designated overflow area.

Golf carts must have their headlights illuminated at all times while in motion during nighttime. This is a significant safety concern; please ensure that the lights are turned on to help prevent any unfortunate incidents.

Please remember that no fireworks are permitted within the community.

New Home Sale Referral Bonus: If someone purchases a home that you referred, you will receive \$1,000, and the buyer will also receive \$1,000.
