From the Manager's Desk - Community Manager Robert Parody, CCM

Residents,

All homes received letters from Sunshine Water regarding the advanced metering infrastructure (AMI) coming to Cypress Lakes. We are looking to have another meeting with Sunshine in the fall to discuss the process. We held a meeting over a year ago when they first discussed this new project. If you have not received your letter, we have copies at the admin office with Becky or contact Sunshine Water directly.

Rainy Season is upon us. We want to bring to your attention an important issue regarding water drainage from downspouts around homes along retention/detention pond areas.

Recently, we've observed several downspout extenders directing rainwater across yards and toward the lake. While we understand the intent is to move water away from the foundation, this current setup is causing unintended problems:

- Erosion at the ends of the extenders, which can undermine soil near your home.
- Lake bank damage, where water runs off is washing away soil at the pond's edge and under culverts causing them to become damaged and, in some cases, break off completely.
- In some cases, water is being directed toward neighboring lots, which is not only problematic but also a violation of local drainage codes. Florida law prohibits homeowners from discharging stormwater onto adjacent properties.

To prevent further erosion and remain in compliance with regulations, we kindly ask all residents to correct any improper drainage systems.

To help remediate, we have outlined a couple of solutions for you:

Acceptable Solutions:

- Above-Ground Drainage: Use properly graded flexible tubing or landscaping channels that run across your yard directly to the lake, minimizing soil disruption and avoiding runoff into neighboring lots.
- Underground PVC Drainage: You may install a buried PVC pipe from your downspout to the lake, which is the cleanest and most effective long-term solution.

Please do not:

- Allow downspout water to drain toward your neighbor's property.
- Let extenders terminate mid-yard or on sloped terrain near the lake bank, where erosion is likely.

The "Cypress Lakes Village Newsletter" is published monthly for its residents and guests. It is intended for information only, and is not a forum for individual opinion. Articles written for publication will be selected and edited for space and readability by the Activities Office. Newsletter deadline is the 10th of each month

HOME OF THE MONTH

Congratulations to Al and Coleen Bird at 2437 Big Cypress Blvd. for winning August's Home of the Month! They first toured Cypress Lakes over 31 years ago while visiting a friend's parents, but made the move 15 years later. While golf initially drew them in, it was the hospitality and community that made them stay. Al and Coleen are active in golf, pickleball, shuffleboard, twilight golf, and men's bowling. When asked what they love most, Coleen said, "It feels like a home. It truly feels like I'm at a resort."

CYPRESS LAKES VILLAGE VETERANS ASSOCIATION AUXILIARY (CLVAA)

★ If it's August already can Fall be far behind. It may have been hot and stormy but it's what we endure to enjoy warm and breezy weather come the winter – right ?

★ In August we still have no meeting but in September we will be rolling out in full force to do what we do best – supporting our veterans not only here in Cypress Lakes but surrounding areas here in Polk County.

★ Our next meeting will be on September 8th at 630pm in the Main Hall. We normally meet on the first Monday of the month but in September that happens to be Labor Day, so we delay it a week

★ We are an active group of residents who help support the Cypress Lakes Village Veterans Association as well as charitable organizations throughout the area who support our veterans in need. Helping our Veterans in need is our primary mission. If you have or have had a family member who has served or is serving in the military, we invite you to attend our meetings and see how you can get involved. Let us know that you are new so we can welcome you with open arms.

★ And remember – when given the opportunity – thank a veteran or active military member for their service.

★ Until next month Debbie Rondeau – CLVAA Secretary

GARDEN CLUB, YARD OF THE MONTH

The winner of Yard of the Month for August 2025 is Gene & Laurie Dudley, Jr. of 9528 Troon Lane. Innovative design caught our eye with raised window boxes on 2 sides of the home, and you will find such a variety: impatiens, zinnias, Mandevilla, Heather, peace lilies, purple sage, Dwarf Pygmy Palms, asparagus ferns, butterfly Gaura, muller grasses, canna lilies. Don't forget to ask when you stop by to congratulate them, to see their Christmas cactus! Wow! They are all huge and healthy & obviously love their home under the carport along with Crown of thorns, false shamrock, and arrowhead plants. Please stop by to congratulate her on a beautiful garden. We, at the Garden Club, thank everyone for working on their yards/gardens and we look forward to all the beautiful ideas you will create! Remember it's your efforts to create beautiful gardens that enrich our community and make ours still one of the best of its kind anywhere.

Happy Gardening! Kathy Dunlevy, 404-387-1902

SAGE

This month we want to recognize the Passing of one of our own...SAGE. Our love and hearts go out to Jim Welsh for his loss. Sage was a real part of our dog family, but was also a long-time resident of our entire community. Sage was a sweet, carefree baby who had a great life due to her human's love. Say hello to all of "our passed" loved pets, as you play on the Rainbow Bridge with them.

CYPRESS LAKES RC CLUB

Our Summer Sizzler RC Race took place June 16th. It was Flag Day and the day's event began with the CLVA Honor Guard presenting the flag for our National Anthem. We also recognized US Army Veterans being that it was the Army's 250th birthday (Thank You to ALL our veterans for their sacrifice and service.). Rain from the previous evening left Cypress Lakes International Speedway wet in a few places. Our "jet" dryers weren't available to dry the track and "OH" what a "NEW" experience. Once the cars/trucks ran through the wet areas it was like driving on "ICE". Adapting on the "GO" was key. The race was full of "ACTION" and "THRILLS". We added TEAM racing to the "MIX". At the end of the day, Chris W. (Wheelz' Ridin' Dirty) drove his way through the water hazards to claim the Summer Sizzler RC Race Trophy. Team competition saw Hendrick Motorsports edge out Andretti Racing 184 to 182.

The Firecracker 150 RC Race ran on July 5th. A GREAT crowd came out for the racing THRILLS. We welcomed a new driver...Audrey W., so glad to have her! There was a "Special Guest" Evel Knievel at the speedway to attempt a death-defying leap over a shark infested pool. The JUMP was successful to the delight of the crowd. 21 entries came to the Speedway to "RACE" their way to the Winner's Circle. Our "SMALLS" Division winner was Peter T. (Speed Racer) followed by John P. (Johnny Pipes) and Bob P. (Bobcat). The 1:10 Division had Steve W. (Dream Weaver), Chris W. (Wheelz' Ridin' Dirty) and Jill K. (Hot Mess Express) taking the top 3 positions. Thank You to the incredible volunteers (race officials, pit crews, bake sale team), drivers and spectators that help make the races happen; we APPRECIATE YOU!!

Next race is the AMBUCS Summer Spectacular, Saturday, August 16th, Cypress Lakes International Speedway.

Racing gets underway at 8:30 AM.

Aqua Tabata with Wendy & Lynn

Wednesday and Saturday at 9:30AM

WHERE: Pool 2 - closest to the Fitness Center

TIME: 9:30 am - 10:15 am

What is Aqua Tabata you ask? Each class lasts about 45 minutes. The first set of 8 exercises are warm-up. Exercise is in the form of Tabata – ten sets of eight 20 second rounds of an exercise with a 10 second rest between.

We do use water weights, but it is not necessary to have them; as you can use your hands or a noodle for resistance. We encourage everyone to bring water with them as we do take 2 water breaks after 4 rounds.

This class (like any outdoor class) is weather permitting and if we are going to cancel we do send out an e-mail on the CL Groups.io and at least two of the Facebook pages.

TENNIS

The tennis club held its July 4th tournament - of course on July 4th. The rule for the winner of the tournament was the player who ended up with the most points. There was a tiebreaker - then there was a tiebreaker - and the player who ended up with the most points was "Leonard Davis" (his name is announced as a winner in many newsletters). With the winner there is always a runner up and we are happy to announce his name "Dean Bonaiuto." Kudos to all who participated in this sport noted as the healthiest to play for exercise! The club ended the day with delicious food and a social gathering at Joel and Vida McCullough's home. Interested, have questions, contact Lynda Pinsoneault – 248-672-0833 – a cheerleader for tennis!

- South Course – Closed every Monday
- North Course – Closed every Tuesday
- Aerification Scheduled for the following days
- August 5th - North Course
- August 25th & 27th - South Course

We appreciate your understanding as we work to keep both courses in top condition throughout the summer.

Help us keep the course looking great! Please dispose of cigarette and cigar butts properly. Let's work together to keep the courses clean and enjoyable for everyone.

SWING TIP OF THE MONTH

Too hot to hit balls at the Range? Good time to practice that chipping move.

1. Set up "open" - Never aimed right
2. Minimum wrist hinge and release.
3. Keep shoulders turning into finish
4. Find a rhythm - not too quick.
5. Hit a few chips before every round.

FRIENDLY REMINDER

Golf cart paths on both North and South Courses are for golfers playing a round of golf. To ensure everyone's safety, the following non-golfing activities are not allowed during daylight hours on the course: walking, jogging, bicycling, dog walking, fishing, or non-playing golf cart rides. Daylight hours are defined as ½ hour before sunrise and ½ hour BEFORE sunset. All golf carts must always stay on the cart paths unless playing golf and the cart restrictions allow for it. The course will be closed to all activities 1 hour after sunset. [Dog walking is not permitted on the golf course at any time].

BCMGA

August will continue to rain on us. Cart Path Only notices are showing up. If you play during the CPO, keep your golf cart on the path. The cart paths are plenty wide, so we don't have to have one side of our carts on the wet grass making ruts on the course. Let us use some simple tasks to keep pace of play going smoothly. If you are required to walk to the ball, take a couple of clubs AND some sand to fill in that divot. If you are lucky enough to ride to your ball, and your riding partner's ball is close, then drop your partner off at their ball to save time. Or your partner could grab a club and go to their ball as you address yours. Once the shot is done, hop in the cart and replace the club when you get to the ball again. You can place the club in your hand in the bag as you pick your club for the next shot. When on the green, look at your shot as others are putting. This will allow a quicker pace of play. As always, RAKE THE BUNKERS.

If you have an issue getting your results after Thursday's round, please email me.

Living with Alligators – Information from Florida Wildlife Conservation Commission (FWC)

Alligators are an important part of Florida's landscape and play a valuable role in the ecology of our state's wetlands. Alligators are predators and help keep other aquatic animal populations in balance. A better understanding of the facts and information regarding these creatures will help ensure that people and alligators can continue to coexist.

Alligators & People

Alligators are a fundamental part of Florida's wetlands, swamps, rivers, and lakes, and they are found in all 67 counties. Florida continues to experience human population growth. Many new residents seek waterfront homes, resulting in increased interactions between people and alligators. Although most Floridians understand that we have alligators living in our state, the potential for conflict exists. Because of their predatory nature, alligators may target pets and livestock as prey.

****PLEASE KEEP YOUR PET ON A LEASH AND NEVER LEAVE PETS UNATTENDED**

[**Note from CL Management per the Community Rules and Regulations]

In the past 10 years, the Florida FWC has received an average of nearly 16,000 alligator-related complaints per year. Most of these complaints deal with alligators occurring in places such as backyard ponds, canals, ditches and streams, but other conflicts occur when alligators wander into garages, swimming pools and golf course ponds. Sometimes, alligators come out of the water to bask in the sun or move between wetlands. In many cases, if left alone, these alligators will eventually move on to areas away from people.

Generally, alligators less than four feet in length are not large enough to be dangerous unless handled.

****One of the best things about Cypress Lakes is the wildlife... However, SAFETY FIRST, Always! Residents should educate their guests.**

If you feel an alligator is aggressive or has lost its fear of humans, please call the Cypress Lakes office and Management will address this.

[**Note from CL Management]

Please be aware that "nuisance" alligators are destroyed, not relocated. Visit MyFWC.com/Gators for more information.

HOMEOWNER ASSOCIATION NEWS

If your purchases are not yet complete for the hurricane season, keep in mind that Florida now has a permanent sales tax exemption (not limited to two-week terms) on qualifying items used for emergency storm preparation. Among the items now permanently exempt from sales taxes are:

- Batteries, including A-cell, AAA-cell, C-cell, D-cell, 6-volt, or 9-volt
- Certain portable generators if the electrical power generated is 10,000 running watts or less
- Waterproof tarps 1,000 square feet or less
- Five gallon or less gas or diesel fuel cans
- Ground anchors
- Tie-down kits
- Smoke detectors or smoke alarms
- Carbon monoxide detectors
- Fire extinguishers
- Life jackets
- Sunscreen
- Insect repellent

Bottled water, first aid kits, and many food items purchased at the grocery store are already tax free. Remember to pick up your Shelter Maps in the HOA Office or Oak Room, and if you need electricity for health care needs like refrigeration for medicines or power for breathing equipment etc. please register for a Special Needs Shelter. Transportation can be provided by Citrus Connection bus service if you are pre-registered. And if you make other arrangements or decide you don't want to go to the shelter, simply say 'no, thank you' when they call to schedule your evacuation.

Your HOA Board does have abbreviated office hours in the summer (see posted hours on our office door). But we're open to helping you with issues and suggestions. If you can't connect with us in person, pick up an 'Inquiry/Issue Form' in the Oak Room, fill it out and drop it off in our office door. You can also reach out by phone to any Board Member (phone numbers posted on our office door). Or send us an email to cypresslakesbod@outlook.com, and it will be routed to the appropriate board member or committee and you will receive a call from us. We look forward to hearing from you. With all the talented people in Cypress Lakes, your ideas and proposals are welcome and appreciated and we will gladly accept your help to accomplish them!

Gwen Snook, President 517-937-2921

When Cardinal Lawrence is tasked with leading one of the world's most secretive and ancient events, selecting a new Pope, he finds himself at the center of a web of conspiracies and intrigue that could shake the very foundation of the Catholic Church.

NEIGHBOR TO NEIGHBOR

N2N IS CYPRESS LAKES RESIDENTS THAT VOLUNTEER TO ASSIST OTHER RESIDENTS IN NEED. What type of needs:

*A phone call to check in *You haven't fallen * you have eaten *you have drank water today *you have taken your medications *you have groceries *need help with laundry *you feel safe bathing or need someone there to assist with bathing *need someone to be there when you return from the hospital *Would you like someone to take your trash to the curb *help finding transportation to doctor appointments *We could clean out refrigerator before groceries arrive *Get your mail or take you down to the mail box for you to get the mail * We could take you for a golf cart ride for fresh air and enjoy the scenery in Cypress Lakes Community. N2N is HERE. Then when you have recovered we will be more than a neighbor and hopefully more of a friend!

JoAnn Metzger chairperson 574 903 5072

CITIZENS ASSISTED PATROL (CAP)

CAP is the eyes and ears of Cypress Lakes, but we are not law enforcement. We observe and report. Our cell phones can be used if we see something suspicious or if help is needed. We are all volunteers who reside in Cypress Lakes, full or part-time, and new volunteers are always appreciated. But if YOU see something suspicious or observe threatening behavior or a dangerous situation? CALL 911 IMMEDIATELY!

When patrolling the community, it is apparent that a number of homes are empty. If it's obvious to CAP patrols that nobody is living there, then it is obvious to others also. We provide House Checks (exterior and perimeter only) for residents who have requested them while they are away from Cypress Lakes. If not us, please make sure that someone is keeping an eye on your property and knows how to contact you. We'd love your assistance too! North Gate is a prime spot to observe traffic up close and personal. Vendors attempt to enter and exit there, even though the clear and visible sign says, 'For Residents Only'. Cars pull in to wait for the next car entering thinking they can piggy-back entry. Be part of the solution to on-going safety in our community! Applications to join are available in the Oak Room and may be returned directly to the Sheriff's Department or through HOA. Want more information? Contact Gwen Snook at 517-937-2921.

Federation of Manufactured Homeowners

What's the difference between membership in our Homeowners Association or FMO?

- HOA (Homeowners Association): A community-based organization that serves as a liaison between residents and community management.
- FMO (Federation of Manufactured Homeowners): A statewide organization that lobbies for and defends the rights of manufactured homeowners in Florida. It provides a voice in state legislation and offers advice and training to HOA officers and directors.

We hope you'll consider joining both organizations, for complete representation.

Staying informed about the rights of manufactured homeowners can be challenging. FMO provides educational resources, workshops and updates to keep you in the know about your rights and responsibilities. Members gain access to publications, legal insights, regulatory updates that keep us well-informed on essential topics, from zoning laws to utility rights.

It's hard to feel motivated and powerful when facing housing challenges on your own. Joining a group with the same goals and concerns can reignite your drive to make positive changes. FMO members are passionate advocates who motivate each other to take action, attend meetings, and engage in legislative efforts that benefit manufactured homeowners across the state. Are you a member? You need to be! Your membership represents votes in what can be a powerful bloc with legislators. Applications are in the Oak Room. You can join online, or we'll mail your application for you. Become involved! Check out the FMO Bulletin Board in the Oak Room for current topics and more information!

"BETWEEN THE LANES"

by Bonnie Binns, Courtesy Patrol Manager 863-209-2887

bbinns@covecommunities.com

Mission Statement of Courtesy Patrol: Practicing Cove Core Values to provide a secure, quick and pleasant entry experience in concierge style into Cypress Lakes Village for our residents, guests, visitors, contractors, and deliveries, through accuracy and accountability with an emphasis on safety.

This month, we want to share:

Golf cart safety tips...Golf carts are now commonly used in retirement communities like Cypress Lakes Village, making safety an important priority while driving them.

- Read the owner's manual for safety and cart details.
- Avoid golf carts and clubs during lightning.
- Check state laws for license requirements.
- Confirm your insurance covers golf carts.
- Only carry as many passengers as seats available.
- Only those 16 or older may operate; never allow children to drive.
- Never let anyone stand in a moving cart.
- Do not walk pets on a leash while driving.
- Operate from the driver's seat only.
- Always engage the parking brake and remove the key when leaving the cart.

As you drive: Follow all traffic laws: stop at stop signs, keep to the 15 MPH limit, and yield to wildlife, pedestrians, and landscaping crews. Stay in your lane, slow down or stop when needed, and keep all body parts inside the cart. Ensure the direction selector is set correctly before accelerating, always stop fully before changing direction, and reduce speed for turns. Do not text while driving the golf cart. Operating the cart while under the influence of alcohol is not permitted.

Although laws are evolving in Florida and the property is private, the rules established by the FDOT are followed with an emphasis on safety.

As you park: Park in designated golf cart spaces at the Clubhouse to leave larger spots for bigger vehicles and be mindful of disability-marked spaces. Check behind before reversing, yield to pedestrians, and use seatbelts when available.

Adapt to your terrain: Stay on golf cart paths after heavy rain and check with the Pro Shop for weather updates. Do not park or drive on grass areas. Drive slowly and carefully in poor conditions, avoid steep slopes, and be cautious of sudden stops or turns that could cause loss of control.
