### JULY/AUGUST 2025 HARBOR HIGHLIGHTS

#### LGHVAA MESSAGE

*By Tim Sullivan, Activities President*

Hi everyone!

Well, summer is officially here—and it's a scorcher! But that's not slowing us down. Activities are still going strong, so I encourage you to get out and enjoy them when you can.

To our new residents: welcome! Getting involved in activities is one of the best ways to meet your neighbors and feel right at home. We're a pretty friendly bunch, so if you ever have questions or need help, don't hesitate to ask.

A quick heads-up—especially for our newbies: please don't feed the alligators. I promise, the whole "Captain Hook" vibe isn't as charming as it sounds!

Also, a reminder for everyone: we're in hurricane season. If you're heading out of town for awhile, please secure or store away any outdoor furniture, decorations, or equipment before you leave. It helps keep the community safe.

Mark your calendars! On Saturday, July 12th, we'll have an ice cream truck rolling through, and we're turning up the fun with a squirt gun battle! Huge thanks to Debby Anderson for organizing this cool treat for all of us here at LGHV!

Wishing you all a fantastic (and safe) summer—I'll see you around the park!

**Tim Sullivan**, President, LGHVAA

#### LGH HOA MESSAGE

*By Charles Ball, HOA President*

I pray all snowbirds made it back north safely. You guys will be missed. We here at LGHV will do our best to hold down the fort.

They have started demo of the docks but it is going slow because the company had three employees quit. They are having a hard time finding replacements.

Todd Green has informed me that he has approval to begin work on shuffleboard and bocce ball courts. The work did start on them in June and looking forward to seeing the finished courts.

The next RAC (Residents Advisory Committee) will be held on July 11th. I will need 4 residents that have not attended a RAC meeting. People that attend this RAC meeting will need to send me around 4 questions that you would like Cindie King, the Cove Regional Manager to answer. These questions should be about any concerns you have about LGHV. If you are interested, please contact me (352-406-4443).

The 4<sup>th</sup> of July will be here before we know it. Let's all be safe while we celebrate this day.

**Charles Ball**, LGH HOA President

MANAGER MESSAGE

JULY/AUGUST, 2025

This Photo by Unknown,

We are into the hurricane season and hurricane preparedness is essential for safety. Create an emergency kit with food, water, medications, and important documents. Develop an evacuation plan, stay informed about weather updates, and secure your home. Being proactive can make a significant difference in ensuring your safety during a hurricane. Stay safe and be prepared! Look around your home now and storage spots if you have them and start putting away or securing things now that could be a hazard during a hurricane.

Home Sales: We are into the slow period of the year on home sales, but our team did make 2 home sales for the month of June and are working hard on leads for July and August.

### **Some Helpful Tips to Remember:**

1. Work on the dock demolition should be coming to an end, and we hope everyone is enjoying the new clubhouse colors.
2. We are finalizing details on the shuffleboard and bocce ball court renovation and will be scheduling the job in the coming months.
3. We also had the undergrowth cleared in the ditch line again and it was brought to my attention about trash and yard debris being tossed back there. This is not an area for dumping and we appreciate everyone's help with it.
4. If you are going to have someone living in your home, they must fill out an application.
5. Thank you to all the hard work of the HOA and Activities, for bringing to light any issues and providing great events throughout the year.

**If you have not, be sure to pick up your hurricane packet from the office.**

“If I cannot do great things, I can do small things in a great way.” Martin Luther

### LGHV BOOK CLUB by Donna Kittleman

**PLEASE NOTE THAT WE HAVE CHANGED OUR SUMMER SCHEDULE! We are NOT going to meet in June or July. Instead, we are going to read the June book for August & the July book for September.**

Our **August book club meeting** will be at **2:00 pm on Monday, August 18th**. The book that we have selected for our August meeting is Other Birds by Sarah Addison Allen.

Our **September book club meeting** will be at 2:00 pm on **Monday, September 15th**. The book that we have selected for our September meeting is The Glassmaker by Tracy Chevalier.

## SQUIRT GUN SOAKING

That time of year! Drag those squirt guns out!

**July 12 at 2:00 pm**

This year, please only squirt guns. So many of our friends and neighbors wear hearing aids and using hoses can cause damage to them.

New this year, Lakeside will be joining in. Just think a "competition" who gets wetter. If you have visitors on July 12th they are certainly welcome to join in on the fun.

Doesn't ice cream sound perfect on a hot July afternoon? LET IT ROLL ICE CREAM will be here from 1-4. Watching them make the ice cream goodies is as awesome as the ice cream tastes.

And (drum roll please) LET IT ROLL ICE CREAM will be set up in the parking lot. LET IT ROLL makes their own ice cream custard base. They have a large variety of ice creams with all the fresh fruit and flavor add ins you could want.

What could be more fun? Squirt Gun Soaking followed up by ice cream? You haven't lived until you join in with a bunch of "grown ups" in their yard or on their golf carts using squirt guns.

Pull up in your cart, bike, walk have some ice cream and visit with your friends while you dry off in the hot July sun. Questions? I'm here to answer.

To our valued customers;

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

*Wishing you good health and safety,

## Are Your Tie Downs Tight?

- **Hurricane Anchors • Tie Downs**
- **Leveling • Blocking • Carport Tie Downs**
- **Stabilizing Devices • Roof-Over Strapping**

- Replace Rusted Anchors • Add Anchors
- Longitudinal Stabilizing • Retro-fit to Current State Standards

If your home moves even a few inches during a storm your home will suffer severe damage. Loose tie downs do not protect your home, they must be tightened every 3 to 5 years. Have your tie-downs inspected NOW, before the storms!

# Hurricane Preparedness for Seniors: A Safety Guide

As editor of the newsletter I decided to try an AI app called chatgpt and see what it would give me as an article for hurricane preparedness and this is what it produced. For new residents, make sure you know who your block captain is and let them know if you are leaving the area during a storm. Don't forget to get your hurricane package from the office.

## 1. Make a Personal Emergency Plan

- Talk to your doctor about managing medications and medical devices during an outage.
- Choose a safe place to go-identify local shelters and transportation options.
- Create a list of emergency contacts: family, friends, caregivers, neighbors.

## 2. Build Your Emergency Kit

Keep a small, easy-to-carry bag with:

- 3-day supply of water and non-perishable food
- Medications and medical supplies
- Flashlight and extra batteries (no candles)
- Copies of ID, insurance, and prescriptions
- Glasses, hearing aids, phone charger
- Hand sanitizer, masks, and personal items

## 3. Prepare Your Home

- Secure loose outdoor items-like chairs or planters.
- Keep walkways clear to prevent falls.
- Ask someone to help you board windows or move furniture if needed.

## 4. Stay Connected and Informed

- Sign up for local weather alerts or call-in hotlines.
- Keep a battery-powered radio nearby.
- Stay in touch with someone who can check on you before and after the storm.

## 5. Plan for Power Outages

- Let your utility company know if you depend on electricity for medical devices. (We do not usually lose electricity because our wires are underground, although we did lose it for about 24 hours the next day after the storm last year.)
- Have ice packs and a cooler for medications.
- Keep flashlights near your bed and in your emergency bag.

## After the Storm

- Stay indoors until it's declared safe.
- Watch for downed power lines and standing water.
- Ask for help with cleanup or debris if needed.
