Boo taful October 2025

From the office –

We are pleased to announce the boat ramp is finally repaired and there is no more "drop off" at the end, making it much easier to pull your trailered boats in and out. With this repair, there are things that can be done to preserve its lifespan. The most important thing everyone can do is to NOT revv your boat while IN the ramp area. Whether you are testing your engine and just warming it up.. please DO NOT do it in the ramp area... This will dislodge the graded stone base from its cage and once it starts to dislodge, erosion will happen at a faster rate.

Pickleball court is being resurfaced this month and will be open once completed. New water plant has been in a "test mode". This "test mode" is to ensure all is working correctly. Once the new plant is online, we will let everyone know.

The Wastewater treatment plant has been monitored all summer, and we have had no issues. Please remember do not dump chemicals down your drains. Please only flush toilet paper down your toilet. Even though they say wipes are flushable, they are not and causes issues with our lift stations.

Hurricane season is upon us, please be prepared. If you decide to stay, make sure you have your hurricane supplies ready. If our park is put in an evacuation status, the water and sewer system will be shut off and will resume after the storm has passed and it is safe to return. Reminder – The buildings in this park are NOT shelters! Buildings will be locked until inspected and safely reopen.

Summer Office hours M-F 9am-3:30pm. Office hours may change from time to time.

Closed Saturday & Sunday

In November we will be changing the office hours to be open on Saturdays.

Facebook – Activities at River Vista RV –The "Activities at River Vista RV" will give you important information of activities. The office is not associated with the face book page "River Vista Folks" This Facebook page is resident owned. If you have a question or concern, please contact the office via email or phone call. Sales – if you would like to sell your unit, there may be some conditions that need to be done before you list your unit. All sales must be reported to the Community manager. You must have a manager sign a "No conditions approval form" If you are planning on painting your unit, the paint color MUST be approved by manager. Approved colors are white, tan, and certain colors of blue, grey and yellow. Anything you do to your unit on the outside or in your yard must be approved by management.

If you hear rumors – come to the office and ask. Do not assume you are receiving the correct information.

Thank you for making River Vista RV the caring community that we can all be proud of.

HEY FALL YA'LL

Coming from the south Fall is my favorite time of the year.

What's not to love about beautiful colors of nature, pumpkin everything, smells of comfort foods and Fall holidays like Oktoberfest, Halloween, and Thanksgiving
I love Pumpkin everything so let me enjoy this short time before Christmas arrives.

September brought many activities and an event starting with a Labor Day BBQ and on to an All You Can Eat Pancake Breakfast, All Things Tampa Trivia night, Breakfast BINGO, Ladies Lunch Outing to Anna Maria Oyster Bar, and a Guy's Gathering slider lunch. Weekly activities included card night, game night, puzzles, swimming, cornhole, and pool.

October is filled with fall and Halloween activities and we will begin BINGO. In this edition I am so excited introducing SURVIVOR River Vista. This event will be held monthly January-April. I have been working on adapting SURVIVOR to our park and think I got it! See details of this event in the below flyer.

Look for sign up sheets and ticket to purchase. Be sure and download the Campers App to stay up to date .

As our season begins, we will be ramping up and activities and events will increase. We will get super busy and I cannot do this without your help, if you are interested in becoming an Ambassador/Volunteer to help with activities and events, please see me in the clubhouse. I am happy to answer any questions you have and sign you up. Trust me every little bit of help you can provide makes a difference. There is just as much fun behind the scenes.

For more exciting activities and events check out the "Save The Date" page.

RESIDENT HURRICANE READINESS GUIDE

Living in a recreational vehicle, park model or manufactured home is a great lifestyle, but when storms head our way, RV's, 5th wheels, travel trailers, park models and manufactured homes should not be considered a place of shelter. Our clubhouse is not rated as a shelter either – so in these few pages we will try and provide some information for you regarding how to get ready for stormy weather when an evacuation is ordered. We are fortunate to live in a county where there is plenty of helpful information and lots of shelters including pet friendly ones. We hope we don't have to "buckle up for a bumpy ride" this year, but it certainly never hurts to be prepared.

Remember, you can always evacuate before an evacuation order is given. Doing so will help ensure you arrive at your storm-safe location without delay. Make sure your Community Manager has your current email and phone information so they can provide community updates.

DURING THE HURRICANE WATCH

1. Plug-in/charge all battery-operated devices.
2. Turn refrigerator and freezer to coldest settings. Open only when necessary.
3. Withdraw cash for one week of expenses.
4. Place valuables in a safety deposit box.
5. Restock emergency kit with flashlight, batteries, cash and first aid supplies.
6. Fill your car's gas tank and refill propane tanks.
7. Stock up on drinking water.
8. Refill prescription drugs and obtain special medications.
9. Outline emergency plans with your family.
10. Arrange for the safety of your pets. Ensure your pets have current vaccinations and you have their paperwork.
11. Gather things you will need if you go to a shelter. Ensure your hurricane survival kit is packed and ready to go at a moment's notice.
12. Stay tuned to radio and TV stations for weather reports.

DURING THE HURRICANE WARNING

Protect windows by lowering awnings or installing window protection. Bring in outdoor furniture and clear yard of loose objects. Lower your television antenna, be careful not to touch power lines. Plan to evacuate, if ordered.

EVACUATION

If an evacuation order is issued for our area, make sure your home is secure and then leave immediately. All residents of Manufactured Home and RV Communities are required by law to leave if an evacuation order has been given for the area.

1. Turn off water, gas, and electricity.
2. Unplug and secure high-value electronics equipment.
3. Take important papers with you, including insurance papers and identification with your local address.
4. Store water in bathtubs, barrels, jugs, and other containers. Use this water for bathing and sanitary purpose. (Not suitable for drinking).
5. Let relatives and the community office know where you are going.
6. Evacuate to a designated shelter!

RECOMMENDED ITEMS FOR A HURRICANE KIT FOR A SHELTER

1. Medication for 30 days / personal first aid kit
2. Bedding material (sleeping bag) and pillow / lounge chair / extra clothes
3. Personal hygiene items / eye mask for sleeping / towel & wash cloth
4. Personal phone book (email addresses)
5. Bottled water (1 gallon per person per day)
6. Non-perishable food and snacks for 1 week
7. Manual can opener / utility knife / plastic eating utensils
8. Battery operated radio with headset (extra batteries)
9. Flashlights (1 per person) / butane lighter
10. Playing cards / magazines & books / puzzles
11. Copies of important documents (deeds, titles, wills, insurance policies, medical records, passport, birth certificate, billing statements for credits cards and loans)
