LABOR ★ DAY ★

“Here’s to Labor Day, a holiday born from the hard work and sacrifices of everyday people who built this country.”

Today we celebrate not just the end of summer, but the dignity of work and the people who make our communities strong.

Cheers to us! Happy Labor Day!”

LABOR DAY FUN FACTS

It started in the 1800s – The first U.S. Labor Day was celebrated on September 5, 1882, in New York City by the Central Labor Union.

It became a federal holiday in 1894 – After workers went on strike (like the Pullman Strike), Congress quickly passed a law making Labor Day a national holiday.

Canada did it first – Canada actually celebrated Labor Day before the U.S. in the 1870s, inspiring American labor groups.

It’s the unofficial end of summer – Many people see it as the last chance for summer barbecues, beach trips, and pool parties before fall begins.

Fashion rule: “No white after Labor Day” – This old saying came from the late 19th century, when white clothing was seen as summer wear for the wealthy.

Travel holiday – It’s one of the busiest travel weekends of the year, as families take advantage of the long weekend.

Parades and picnics – Traditional Labor Day celebrations often include parades honoring workers, plus picnics, cookouts, and fireworks.

Football season kickoff – College football often begins around Labor Day weekend, and the NFL follows soon after.

Work-free origins – The original idea was for workers to have a day off to rest, celebrate, and recognize the contributions of labor.

A global idea – While the U.S. and Canada celebrate in September, most other countries observe “International Workers’ Day” on May 1st (May Day).

RESIDENT HURRICANE READINESS GUIDE

Living in a recreational vehicle, park model or manufactured home is a great lifestyle, but when storms head our way, RV's, 5th wheels, travel trailers, park models and manufactured homes should not be considered a place of shelter. Our clubhouse is not rated as a shelter either – so in these few pages we will try and provide some information for you regarding how to get ready for stormy weather when an evacuation is ordered. We are fortunate to live in a county where there is plenty of helpful information and lots of shelters including pet friendly ones. We hope we don't have to "buckle up for a bumpy ride" this year, but it certainly never hurts to be prepared.

Remember, you can always evacuate before an evacuation order is given. Doing so will help ensure you arrive at your storm-safe location without delay. Make sure your Community Manager has your current email and phone information so they can provide community updates.

DURING THE HURRICANE WATCH

1. Plug-in/charge all battery-operated devices.
2. Turn refrigerator and freezer to coldest settings. Open only when necessary.
3. Withdraw cash for one week of expenses.
4. Place valuables in a safety deposit box.
5. Restock emergency kit with flashlight, batteries, cash and first aid supplies.
6. Fill your car's gas tank and refill propane tanks.
7. Stock up on drinking water.
8. Refill prescription drugs and obtain special medications.
9. Outline emergency plans with your family.
10. Arrange for the safety of your pets. Ensure your pets have current vaccinations and you have their paperwork.
11. Gather things you will need if you go to a shelter. Ensure your hurricane survival kit is packed and ready to go at a moment's notice.
12. Stay tuned to radio and TV stations for weather reports.

DURING THE HURRICANE WARNING

Protect windows by lowering awnings or installing window protection. Bring in outdoor furniture and clear yard of loose objects. Lower your television antenna, be careful not to touch power lines. Plan to evacuate, if ordered.

EVACUATION

If an evacuation order is issued for our area, make sure your home is secure and then leave immediately. All residents of Manufactured Home and RV Communities are required by law to leave if an evacuation order has been given for the area.

1. Turn off water, gas, and electricity.
2. Unplug and secure high-value electronics equipment.
3. Take important papers with you, including insurance papers and identification with your local address.
4. Store water in bathtubs, barrels, jugs, and other containers. Use this water for bathing and sanitary purpose. (Not suitable for drinking).
5. Let relatives and the community office know where you are going.
6. Evacuate to a designated shelter!

RECOMMENDED ITEMS FOR A HURRICANE KIT FOR A SHELTER

1. Medication for 30 days / personal first aid kit
2. Bedding material (sleeping bag) and pillow / lounge chair / extra clothes
3. Personal hygiene items / eye mask for sleeping / towel & wash cloth
4. Personal phone book (email addresses)
5. Bottled water (1 gallon per person per day)
6. Non-perishable food and snacks for 1 week
7. Manual can opener / utility knife / plastic eating utensils
8. Battery operated radio with headset (extra batteries)
9. Flashlights (1 per person) / butane lighter
10. Playing cards / magazines & books / puzzles
11. Copies of important documents (deeds, titles, wills, insurance policies, medical records, passport, birth certificate, billing statements for credits cards and loans)
