Please remember there is no driving golf carts between homes or RV sites.

### The 360 home inspections

Tammy will be doing home and site inspections for annuals, park models, and manufactured homes. For the RV sites, she is looking for clean RV's: no outside storage and nothing on grass. For park models and manufactured homes, she is looking for clean shirting and siding not falling apart. Flower beds are clear of weeds and mulch and the stones look good.

No outside storage. Everything should be in your home or shed.

If there are no issues, you will receive an email saying thank you.
