Message from the Manager

What a great kick-off to the new season with a great informational Townhall meeting.

Remember – If you see something, say something. Keep the office informed.

This month's Manager meeting will be on February 18th at 10am. This meeting will include the River Vista Team, No special guests. Let us know that you are coming so we can set up enough chairs.

We Listened and reached out to our waste Plant operator. The pump truck was here more often because the plant was healthy and the " bugs" were creating sludge. Now that the plant is NOT healthy, there is no sludge to haul away. Per the operator, it would be a costly waste of money. We will have the sludge pumped an extra time, January and 2 time in February to see if this helps. Once the plant is healthy again, we will see an increase in pump truck activity.

Please let's continue

Toilet Chemicals (Black Water Tanks and Sewer Treatment Plants)

What happens when improper black tank chemicals are used at a treatment plant?

- Reduced treatment efficiency: The harmful chemicals can disrupt the biological process of breaking down waste, leading to poorly treated wastewater being discharged.
- Clogging issues: In extreme cases, excessive use of certain chemicals can lead to sludge buildup in the treatment plant, causing clogs and operational disruptions.

Safe Options:

Choose non-formaldehyde-based treatments, such as those using natural enzymes, citrus extracts, or biodegradable surfactants. These are usually safer for Treatment plants.

Unsafe Chemicals:

Formaldehyde, bronopol, and phenol-based chemicals are harmful to microbial life in treatment plants and should be avoided.

FREINDLY REMINDER: IF YOU HAVE A CARPORT, THAT IS THE ONLY PLACE YOU ARE ALLOWED TO PARK. Parking anywhere else other than your carport so you can use your carport for other things such as storage, or entertainment is not an excuse. If your multiple vehicles will not fit in your carport you MUST go to the office and get a spot "on the hill" . NO EXCEPTIONS.

PLEASE CLEAN UP AFTER YOUR PETS! This seems to be a huge rule that is being broken every day. By leaving your pet droppings it is a park rule violation, a county violation and it is disgusting. Imagine taking a nice peaceful walk, you are enjoying yourself, stress free then bam you are tracking stuff across your unit's carpet. Yuck! There goes your day of relaxation. Now you are stressed and hate everything and everyone that owns a pet. In other words, please be respectful and clean up after your pet.

SPEED LIMIT – Speed limit is 10mph throughout the community and 5mph along the rivers edge.

Office hours: Monday - Friday 9am-3:30pm. Saturday hours 9am -1pm.

Email address RiverVistaRVVillage@CoveCommunities.com

Facebook – Activities at River Vista RV and River Vista RV Park – please no bullying and be respectful to each other.

Sales – if you would like to sell your unit, there maybe some conditions that need to be done before you list your unit. All sales must be reported to the Community manager. A park application must be conducted before purchasing a unit.

If you hear rumors – come to the office and ask. Do not assume you are receiving the correct information.

Thank you, welcome back and have a great season.

Karen Walker
