### Before You Leave

Just a friendly reminder before you leave, please make sure that debris and items are not left outside. This is in case we get a hurricane in the 2024 hurricane season. Loose items can be deadly in high winds.

Please have someone watch and maintain your home, including flowerbeds, power washing, yard maintenance, and securing your property while you're away. I also suggest turning off your water shut off valve, preventing water damage inside your home.

Please make sure we have an accurate phone number and updated emergency contact info. You have no idea how many CONTACT numbers we do not have. This is in your best interest.
