## News from Strawberry Ridge Village Office

Matthew Clark  
Community Manager

I would like to take the opportunity to introduce myself as your new community manager. I grew up in Indianapolis, IN and went on to Purdue University, I graduated with a BS in Hospitality Management. I have 20+ years managing hotels, Airbnb units, RV Parks and MH communities. My door is always open, so feel free to stop in and say hello or express any concerns that you may have.

In my first week on property, it has been a pleasure to meet those of you who I have spoken with. I understand your frustration with the lack of communication from prior management and the length of time that some of the current issues have taken. I have set 3 priorities that I am currently working on to complete. The first of these is the gate issue. As of today, we are waiting on the Fire Marshall to approve the emergency knock boxes that have been installed to gain access to the community. The second of the issues is the condition of outdoor pool and surrounding areas. I have instructed my team that this area is a focus area and that it should be clean and ready for use daily. I am in the process of getting approved for some new furniture for the area. The last of the priorities is the 3 lift stations around the community. Currently, we are having two of the pump motors being rebuilt. We have been loaned temporary pumps until ours are rebuilt. My team will be checking the stations daily to ensure they are functioning properly.

I know there are several other areas that need addressed but this is where I am going to start. I welcome your feedback or suggestions but please understand that managing a park this size, there are lots of opinions and some oppose each other. I look forward to helping make Strawberry Ridge Village a great place to live.

Hi Everyone,

Welcome to the beautiful May!

With summer just ahead I would like to talk a little about "Water Billing". As the temperatures rise and things dry out, I know everyone wants to keep their yards looking beautiful by watering. This is a "double edge" sword, meaning...watering will cost you more money on your bill, but at the same time you want to keep your yard looking wonderful. Please keep this in mind when you get your invoices each month and if your water bill is higher than normal, please assess your situation before calling or coming to the office. Remember, if you do pressure washing, extra laundry, wash your cars...anything that uses your water it will affect your bill. Also, if any of those chores are completed in the previous month, it will show up on your next invoice. Example: If you did these chores in April, it would show up on your May invoice, etc.

I also want to let everyone know you can still sign up for the "Portal". I highly recommend this because you can look at your statement at anytime after it is released. You do not have to pay through the portal if you choose not to, but it is a very nice tool for you guys to use. Just an FYI, we currently have 140 units out of 867 units that now pay through the portal. Check with your neighbors and friends to see if they use it and I bet they will make a believer out of you. If you want to sign up just send me an email at [spurcell@covecommunities.com](mailto:spurcell@covecommunities.com) and I will make sure you get an invite. If you send me an email, please put this in the subject, this is an EXAMPLE ONLY: **PURCELL / SITE #001 (or your street address)** so I know how to identify you. As always, thank you for taking the time to read my articles as I hope you find them informative and helpful.

## Strawberry Ridge HOA News, Nuggets and Notes

Wow, it's May already. Time to be prepping for hurricane season. This month is the last month for meetings, we will all take a well-deserved summer break. However, your Events Committee will still be working to provide you with dances and fun events. May is a packed month with a lot to do.

- Trivia as always was a lot of fun and was back at the Activity Center where it is much easier to hear.
- Wednesday Bingo is going strong, we are averaging about 35 people in attendance. An anonymous donor has made some beautiful wreaths for us, and we have 2 lucky winners every game night.
- Karaoke was as always, a fun night. Thanks, Mark, for always making this a good time.
- Tie dye was a hit, we will work on another date soon. Thanks to Sam, for helping out with this.
- CBD Lunch and Learn was well attended. No more aches and pains thanks to Tim Bosco, Your CBD Store (SUNMED in Plant City) for lunch and an opportunity to buy products at 20% off.
- Volunteer Luncheon was postponed to June 1<sup>st</sup> since quite a few volunteers went with the Travel Club on an adventure.
- Wine and Cheese was a great event. Some great wines were sampled and ordered. Thanks to the Event Committee for the Charcuterie Boards.
- Join the HOA. Membership is \$6 a year or \$15 for 3 years. Forms are available at the Activity Center or contact the Chair of the committee, Jodi Hamel, at 813-728-0110. If you are already a member you will be contacted to remind you of your renewal.

What is C.E.R.T.? It is Community Emergency Response Team. Are you a member of the Strawberry Ridge Village CERT Team? If not, why aren't you. Just what does this team do for our residents. Well, in the event of a power failure, the CERT Team will make sure those people affected will have a meal which is prepared by our team. If tree limbs come down, we try to get them out of way so cars can get through. There are many other things we do which is too much to list. Why not come to our meeting and ask and learn more about us. We meet 1 evening each month always the second Thursday of the month at 6:30 pm in the Activity Center. Our next meeting will be on May 9<sup>th</sup>.

Now do you know how C.E.R.T. got started? Well read the below history and learn more.

## History of C.E.R.T.

The CERT concept was developed and implemented by the Los Angeles City Fire Department in 1985. The Whittier Narrows earthquake in 1987 underscored the area-wide threat of a major disaster in California. Further, it confirmed the need for training civilians to meet their immediate needs.

CERT became a national program in 1993. There are now CERT programs in all 50 states, including many tribal nations and U.S. territories. Each is unique to its community and all are essential to building a Culture of Preparedness in the United States. There are over 2,700 local CERT programs nationwide and more than 600,000 people have trained since CERT became a national program.

Now once you have read this, you will want to learn more and join us in caring for our community.

There are families in our community who struggle to pay for the necessary expenses of food, transportation, medical costs, and utilities. The Fund provides monthly food bank distributions as well as arranging for limited household maintenance, such as pressure washing and gutter cleaning. The Fund is operated by the monetary and food donations of the residents and welcomes any donations (monetary donations are tax deductible). ## LENDING CLOSET

### **Before you purchase any necessary Durable Medical Equipment:**

Check with the Strawberry Ridge Village Lending Closet, located at the Clubhouse, which provides medical equipment to our residents upon request. Call us and one of our volunteers will be happy to assist you by providing many of your needs on an available basis. This service is at no cost to our residents, is a great cost-saving measure, and the loan of the equipment has no time limit. You may keep the equipment if it is necessary.

We have wheelchairs, transfer chairs, crutches, canes, walkers, bed rails, potty chairs, and shower chairs. These items are available for all our residents to borrow. Donations of the mentioned items are also accepted. There are limits on the type of supplies we can accept. We cannot accept respiratory items, diapers, walking boots, medications, stability belts or other disposable items. All that we ask is that when returning borrowed items or donating items please ensure that all items have been cleaned and are fully operational. The volunteer staff does not have the ability to clean or repair any items. Presently, the Lending Closet is in short supply of Rollator Walkers. Any donation of or return of one no longer needed would be appreciated.

### **BOOK CLUB**

Karen Myers 813-431-2748

The Strawberry Ridge Book Club meets on the second Monday of each month at 1:30 PM in the Activity Center. We invite everyone who enjoys reading to join us. We select one book and encourage everyone to read another that can then be recommended (or not) to the group.

Our March selection of "The Tiffany Girls" by Shelly Noble was read & enjoyed by just about all attending. We reflected on the fact women have come a long way in not only work environments but in many other areas as well and we were encouraged by the bond of friendship displayed in this book. The fact that there is a Tiffany Light Museum in Winter Park was brought to our attention and highly recommended by one of our regular attendees. In addition to this fact, conversation included tidbits of information which many of us found delightful. Our conversation generally goes down interesting "bunny trails"!

Other books that were read and enjoyed this past month included: "The Verifiers" by Jane Pek, "Tampa Heat" by Thad Diaz, "Long Shadows" by David Baldacci, "Tending Roses" by Lisa Wingate, "Killers of the Flower Moon: The Osage Murders and the Birth of the FBI" by David Grann, "Good Night, Irene" by Luis Alberto Urrea and the Bosch series by Michael Connelly.

"The Inheritance of Loss" by Kiran Desai will be discussed during our May 13th meeting. Please come join us to explore the connection between tradition and modernity, the past and the future brought up in this book in amusing and sorrowful ways.

To our valued customers;

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

**ASK US ABOUT VAPOR BARRIER!**

Oftentimes, a bad vapor barrier is to blame for soft, rotten floors. This is because of moisture and humidity from the underbelly of the home. Without a proper vapor barrier, your floors are at a HUGE risk!
